DETAILED ACTION

Election/Restrictions

Newly submitted claim 32 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claim 32 constitutes a separate and distinct species from that of originally elected claim 1.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 32 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter: Applicant's arguments dated 7/27/05, are deemed persuasive, specifically prior art of record fails to teach nor suggest wherein the semiconductor laminate portion and the reflection surface are provided on the same chip, and a predetermined distance is provided between the laminate portion and the reflection surface, in combination with the other recited elements of claim 1.

Conclusion

This application is in condition for allowance except for the following formal matters:

Claim 32 must be canceled.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
